

# 2021 Season | Top 30 Corn Grain Performances

All locations in which products were tested included in statistics. Products entered in a minimum of 3 regions, with 4 or 5 locations each, considered in analysis.  
Avg. Yield – grain yield, adjusted to 15% grain moisture. Average of all locations in which the product was tested in 2021.  
Avg. Yield Advantage - comparing hybrid yield to test average yield.  
For more information on testing procedures and full results, visit: [www.firstseedtests.com](http://www.firstseedtests.com)

**Top 30 Corn Hybrid Yield Performances, 89-100 RM maturity.**
